

LINXS Partner event - Lipid Bilayers at ESS- BESS in Lund, 13-15 June 2022

Monday 13 June 2022

Session 1 - Biological membranes and functions (13:15-15:00)

time	[id] title	presenter
13:15	[16] Keynote talk 1: Rumiana Dimova - Remodeling of model membranes: to bud or not to bud	DIMOVA, Rumana
14:00	[17] Contributed talk 1: Giovanna Fragneto - Insertion and activation of functional Bacteriorhodopsin in a floating bilayer	FRAGNETO, Giovanna
14:20	[18] Contributed talk 2: Magdalena Czekalska - Microfluidic methods for α -synuclein - lipid interactions	CZEKALSKA, Magdalena
14:40	[19] Contributed talk 3: Sophie Ayscough - The role of hydrocarbons in cyanobacterial membranes	AYSCOUGH, Sophie
