

# LINXS Partner event - Lipid Bilayers at ESS- BESS in Lund, 13-15 June 2022

## Monday 13 June 2022

### Session 2 - Membrane structure and self-assembly (15:30-17:15)

time	[id] title	presenter
15:30	[20] Keynote talk 2: Georg Pabst - Asymmetric Membranes - Structure, Dynamics and Interleaflet Coupling	PABST, Georg
16:15	[21] Contributed talk 4: Nico Paracini - Bilayers, layer by layer. Applications of Langmuir-Blodgett and Schaefer methods to bio-membrane research with neutrons	PARACINI, Nico
16:35	[22] Contributed talk 5: Emanuel Schneck - Investigating Lipid Membranes Adsorbed to Functionalized Air/Water and Oil/Water Interfaces	SCHNECK, Emanuel
16:55	[89] Contributed talk 6: Tonya Kuhl - Robust and Tunable Polymer Cushioned Lipid Membranes	KUHL, Tonya
