

LINXS Partner event - Lipid Bilayers at ESS- BESS in Lund, 13-15 June 2022

Wednesday 15 June 2022

Session 7 - Membrane protein interactions (08:30-10:15)

time	[id] title	presenter
08:30	[39] Keynote talk 7: Gerhard Groebner - Unravelling the molecular basis of Bcl-2 proteins' functioning at membrane level	GROEBNER, Gerhard
09:15	[40] Contributed talk 19: Anne Martel - BioSANS for the Study of Membrane Protein	MARTEL, Anne
09:35	[41] Contributed talk 20: Ekaterina Kostyurina - Translocation of alternating amphiphilic polymers through lipid membranes	KOSTYURINA, Ekaterina
09:55	[42] Contributed talk 21: Valeria Rondelli - Extracellular Vesicles: structure and interaction with model plasma membranes	RONDELLI, Valeria
