

# Workshop - Scattering and Dynamics of Flowing Soft Material

## Tuesday 11 December 2018

### Early morning session - Polymers - Tera (09:00-10:20)

time	[id] title	presenter
09:00	[11] Keynote 5 - Combining in-situ, time-resolved SANS, SAXS/WAXS and SALS, to study molecular and crystal alignment in bottlebrushes polymers during uniaxial deformation	Dr. LOPEZ-BARRON, Carlos
09:40	[12] Contr. Talk 6 - Dynamics and morphological fingerprinting of nano-filled polymer systems subjected to nonlinear deformations	KÁDÁR, Roland
10:00	[13] Contr. Talk 7 - Spherical Harmonics Expansion show Chain Retraction	Ms. BORGER, Anine
